(Document captured in Quảng Nam Sector in March 75)

Subject: Study of Resolution (?)

Military Policy:

- Use force, not negotiation
- Use war, not peace

In 1975 in particular:

- Best opportunity ever.
- Must try 3 to 5 times as hard because the Americans cannot help the RVN.
- Make every effort to counter Pacification.
- Combine the arms /and/ attack with modern weapons.

Political Policy:

- Wage political struggle in the cities in coordination with /armed/ force.
- Wait for a political upheaval in the South (there are 3 possibilities, President Thiệu's resigning being one of them), then seize the opportunity and strike at the cities themselves.
- Concept of cities as targets: the cities are one of the 3 strategic zones, therefore they must be liberated or encircled.
- The US can intervene with air forces only.
- There is no question of intervening with ground troops.
